## **Smrti Academy - An Innovative School**

Smrti Academy is a school that commenced operations in June 2018. It has been set up by promoters who have been in Education for many years and they are also part of an NGO that educates millions of children across India.

The School focusses on knowledge, skills, values and attitudes. A strong curriculum in academics and blending of academics and co-curricular activities ensure that children are able to connect what is there in the books to real life.

Smrti is being set up by a very experienced team with diverse backgrounds, including education, consulting, shared services, banking and infrastructure. Together, the team brings over 100 years of experience.

### **Learning @ Smrti Academy**

#### **Foundation Stage School**

The Foundational Stage covers Pre-Primary to 3rd Grade. Our Integrated Montessori Approach takes this stage up to 3rd Grade which is the logical point as regards Child Development.

#### **Preparatory Stage School**

The Preparatory Stage covers 4th and 5th Grades. In this Stage, Smrti Academy moves to an Activity Based Approach helping children grasp abstract concepts through activities.

#### **Middle Stage School**

The Middle Stage covers 6th to 8th Grades. In this Stage, Smrti Academy moves children towards abstract and self-learning.

#### **Secondary Stage School**

The Secondary Stage covers 9th to 12th Grades. Smrti Academy will start admissions to this stage from 2022.

### **Smrti Academy - Infrastructure**

- Smrti Academy's 3-acre campus is located at Huskur, close to the Madduramma Temple.
- Total built up area of the campus is 120,000 sq.ft.
- The school houses 54 classrooms, art rooms, dance and music rooms, labs for Sciences, Maths, Social Sciences, Languages and Computer Science
- Equipped with excellent library facilities
- A well laid out cafeteria provides healthy food for our children
- The green and open spaces inside the building ensure natural light and ventilation
- The play area for children below 6 years and the one for all other children are large and allow children ample opportunity for free play, games and athletics.
- The campus is totally covered by CCTV.
- The Mini-Forest will be set up by a team of experts along with our children as they learn that they are part of this Cosmos and need to work in conjunction with it for sustainable living
